SUBJECT: UPDATE TO THE MASTER SITES LISTING

FULTON COUNTY

Wauseon Manufacturing aka Fulton Industries:

Upgrade the priority on this site to **MEDIUM**. The PA describes the problem as a electroplating sludge waste pile which underwent an approved RCRA closure in 1986. However, a 6-18-90 U.S. EPA Screening Site Inspection produced analytical data for the soils surrounding the former waste pile which show contamination significantly above background still exists (see attachment). Migration potential to people is low.

RCRA Generator

(May still be a RCRA-lead because of the 86 closure)
